## Our approach

### Helping you to achieve your ambitions

At QBE we aim to give you the confidence to achieve your ambitions by helping you manage the risks associated with those ambitions – allowing you to focus on the outcomes you want, rather than on what might hold you back. We are able to do this because our technical expertise, product range and global reach mean we can cover your business risk. Taking a proactive approach to even the most complex risks and listening closely to your needs allows us to come up with the right solutions for your particular circumstances.

Our approach is applied consistently across our underwriting and claims. We are easy to deal with, innovative in our approach and deliver the cover you need. In the event of a claim, you will see for yourself why our claims team has a deserved reputation for the professional, efficient and sympathetic way they work with brokers and insureds.

We look forward to working alongside you to understand your ambitions and bringing a fresh approach to meeting your insurance requirements.

## Financial strength and security

QBE underwriters in Canada insure risks under their Lloyd's Underwriter license. This means that policyholders benefit from both the financial strength of QBE and separately from the financial strength of the Lloyd's market.

This is underlined by the insurer financial strength ratings we and Lloyd's receive:

QBE Insurance Group	A+ Positive	A+ Stable	A Positive
